

Paying Tuition by Automatic Deduction

Convenience

Once your account is set up, we do the rest. If you are using a bank account, you only need to maintain enough funds in your account to meet the amount of your monthly tuition payments. If you are using a credit card, be sure to keep your information up to date.

Security

Strict rules, enforced by the National Automated Clearing House Association, guarantee confidentiality of your account information. You are fully protected at all times.

Reliability

You can rest assured that your monthly payment is made on the exact due date each month. You never have to remember to make a payment on time - it's already done for you.

Smart Tuition Welcomes You!

Keeping Education Affordable!

Rising school operating costs are often passed on to parents in the form of higher tuition. Smart Tuition helps to minimize these increases by relieving schools of internal costs that are involved with tuition collection.

The Smart Tuition program helps support and secure the financial stability of your child's school. This enables total focus on what counts the most, your child's education.

Your School's Policy Remains The Same...

Although Smart Tuition manages the tuition payment program for your school, Smart Tuition follows the policies your school sets.

Decisions on the tuition amount, tuition aid, scholarships, accommodating hardship situations, and similar issues all continue to be set by your school.

Getting Started with Smart Tuition is Easy

Your school will provide you with an enrollment form. Please complete it and return it to your school as soon as possible to ensure timely setup of your account with Smart Tuition.

Be sure to provide your email address as Smart Tuition regularly communicates important information about your account using e-mail.

Internet and Phone Access

Once your account is set up, you will be provided with a login ID and password so you can access your personal account on our secure website. There you'll be able to make payments, view balances due and paid, and find answers to commonly asked questions. You can also have access to all of these features by calling our Parent Help Line 24 hours a day, 7 days a week.
