Do you want your life to make an impact? You can change the atmosphere of your home or your surroundings with a little bit of enthusiasm. Choose to be happy; live with excellence and integrity, and put a spring in your step. Put a smile on your face, and let the world know that you are enjoying the life God has given you! When everybody else is down and defeated, when you are all alone with nobody nearby to encourage you simply encourage yourself. Your attitude should be: It doesn't matter what anybody else does or doesn't do, I'm going to live my life with enthusiasm! I'm going to stay on fire. I'm going to be aglow. I'm going to be passionate about seeing my dreams come to pass!

Hi I'm Melissa! I want to tell you a little bit about Music Fest! Can I? Okay! Thanks!! Well, this was my second time attending Music Fest at SWAU. And I've had tons of fun playing in the band both times! This year was a bit different compared to last though. They had tryouts for the students that wanted to be part of the band. Which meant that the music we played was a little harder! But it was a fun challenge! We practiced many times a day and made sure everything was perfect for our performance at the Myerson. And once we arrived there, we couldn't wait to go out on the amazing stage! Finally, it was time! The performance went great and everyone did a great job! I loved the experience and can't wait until next year!

Welcome Back Alumni!

All your life you are told the things you cannot do. All your life they will say you're not good enough or strong enough or talented enough, they'll say you're the wrong height or the wrong weight or the wrong type to play this or be this or achieve this. They will tell you no, a thousand times no until all the no's become meaningless. All your life they will tell you no, quite firmly and very quickly. They will tell you no. And you will tell them YES.

Dirty hands! ~Dustin L.

People popping their fingers. ~Brittany W.
