RECYCLE

WHY SHOULD I RECYCLE?

In the United States alone, we produce 1609 lbs. of trash per person per year!

What Can I Recycle?

- Newspaper
- Copy paper (sheets & shredded)
- Junk Mail
- Card Stock (ex: greeting cards)
- Cardboard: brown & white (Shoeboxes, cereal boxes, etc.)
- Magazines, brochures
- Phone Books

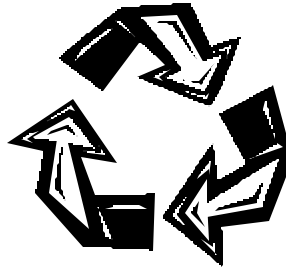

It's EASY . . .

Just use an old plastic shopping bag. Use 1 bag for paper and 1 bag for plastic, etc. tie them shut... then toss them in the recycle container!

What is Recycling?

Recycling is a process through which waste materials can be manufactured into reusable forms. Recycling saves energy and reduces pollution by reducing the need for virgin resources (like trees). The purchase of recycled products is the final step in the recycling process.

Did You Know?

If all our newspaper was recycled we could save 250,000,000 trees per year!

To produce each weeks "Sunday Paper" 500,000 trees must be cut down!

Plus...

Save money on waste expenses!

What other items can I recycle?

- **Water bottles**
 - Juice
 - Gatorade
 - Soda
- **Detergent/bleach containers**
- **Shampoo/Conditioner bottles**
- **Milk Jugs**
- **Plastic Bags**
 - Bread bags
 - Shopping Bags
 - Shrink Wrap
 - Plastic Wrap
- **Scrap Metal**
- **Steel Cans**
- **Aluminum Cans**
